

# Dependable Vinyl New Construction Windows

*by MI Windows and Doors*

Convenience, reliability, and style for your new construction projects.

# About Us

**SINCE 1977**, WindowRama has established a reputation as the Northeast's leading window and sliding glass door supplier for homeowners and professionals.

The goal of our team is to efficiently manage your project from beginning to end. You'll be surprised at our reasonable prices and how quickly we can transform your home using beautiful new windows and doors manufactured by MI Windows and Doors. Our products feature options and styles to complement the exterior and interior decor of your home.

We have a reputation built on a solid foundation of quality products, fast delivery, product expertise, competitive prices, and a dedication to service. Learn more at [www.windowrama.com](http://www.windowrama.com).

RELENTLESSLY TESTED

## Leading the Way

*Thoroughly tested so nothing is left to chance*

State-of-the art facilities are used to test our products, helping to ensure they meet, and often exceed, industry standards. In fact, the test wall for our products is one of the most extensive in the industry, allowing for comprehensive tests where rapid analysis and refinements can be made to develop industry-leading products.

Our products undergo tests that go beyond what's required for American Architectural Manufacturers Association (AAMA) and National Fenestration Rating Council (NFRC) certifications, including sealant, vinyl impact, cold-weather performance, and more. The result is a superior product that you will enjoy for years to come.

# Comparing Your Options

## 3500 SINGLE-HUNG

Featuring a 2 7/8" frame and 3/4" insulated glass, our 3500 single-hung window is a versatile product ideal for any new home construction project. Every 3500 single hung comes standard with removable, dry-glazed top glass; tilt-in, wet-glazed bottom sash; and replaceable snap-in sill—making it a builder-friendly window with drywall pass-through functionality on every unit.

## 4300 SINGLE-HUNG

With a 3 1/4" frame, 3/4" insulated glass, brickmould profile, and true sloping sill, our 4300 single-hung windows offer the perfect combination of functionality and style for any newly constructed home. Every 4300 comes standard with dry-glazed top glass and tilt-in, wet-glazed bottom sash, offering drywall pass-through capabilities that help keep projects on schedule and reduce jobsite damages.

## 1556 DOUBLE-HUNG

Our 1556 double-hung window features a 3 1/4" frame, 3/4" insulated glass, beveled exterior, and dual-operating sashes, making it the top choice among homeowners seeking to maximize curb appeal and performance for their newly constructed home. An innovative constant-force balance system that helps eliminate top sash drift further enhances the convenience and value inherent in every 1556 window.
